PROFESSIONAL EXPERIENCE

Sunmence Solution, *Frontend Developer*   Sep 2022 – Feb 2024 | Ogbomoso, Nigeria
During my tenure at Sunmence Solutions, I served as a pivotal member of the development team, specializing in frontend engineering. My role was instrumental in shaping the user experience across various platforms, contributing significantly to the company's digital transformation initiatives.

PROJECTS

Eport Global Logistics (Contract), *HTML,CSS, Bootstrap and JS*
I led the development of the front-end architecture for a leading logistics company, integrating APIs to enhance functionality across both the administrative and user-facing dashboards. My role involved designing and implementing intuitive interfaces that streamlined navigation and interaction, enabling real-time data retrieval and updates. This contributed significantly to improved operational efficiency and user satisfaction.

Frontend projects in sunmence solutions
During my tenure at Sunmence Solutions, I was entrusted with the pivotal role of leading the frontend and user interface design across a spectrum of projects, including notable ventures such as Pinleaf Real Estate and nimelssa national. My responsibilities extended beyond mere design; I was tasked with crafting seamless digital experiences that not only met but exceeded our clients' expectations. Leveraging my expertise in UI/UX principles, I ensured our designs were not only aesthetically pleasing but also highly functional, prioritizing simplicity, consistency, responsiveness, and intuitive feedback mechanisms to enhance user interaction.
